DETAILED ACTION

1. This application claims benefit of the provisional applications: 60/295,428 with a filing date 06/01/2001.
2. Amendment of claims 1-5, 11-12, 16-17, and cancellation of claims 6-7, 9, 13-14 in the amendment filed on March 03, 2005, is acknowledged. Claims 1-5, 8, 10-12, 15-19 are pending in the application.

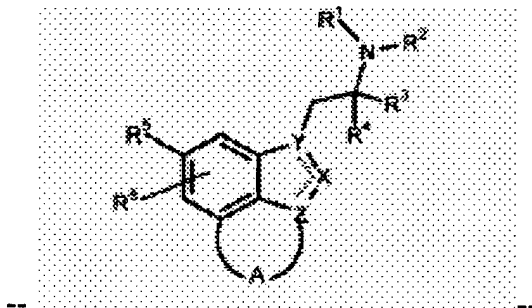

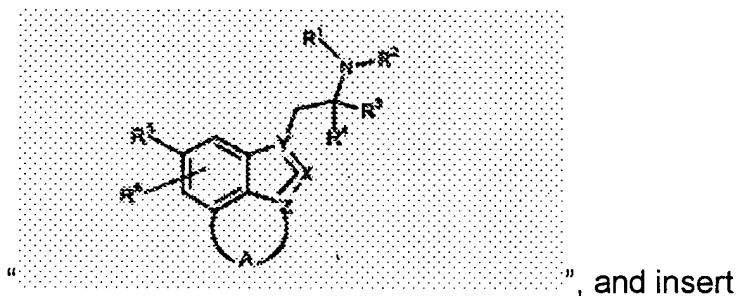

Responses to Amendment

3. Since the non-elected invention of claims 1-5, and 18 has been eliminated, therefore, objection of claims 1-5, and 18 has been overcome in the amendment filed on March 03, 2005. Since claims 6-7 have been cancelled, therefore, objection of claims 6-7 is obviated herein.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Luke A. Kilyk on May 17, 2005. The application has been amended as follows:

In claim 1, line 2, delete

Delete claims 8, 10-12, 15-17, and 19

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

Claims 1-5 and 18 are neither anticipated nor rendered obvious over the art of record, and therefore are allowable. This invention relates to novel fused indazoles and indoles and their use for the treatment of glaucoma. The closest reference is Arnold et al. WO 99/55335, discloses substituted tricyclic pyrazole derivatives with protein kinase activity. The difference between Arnold et al. and instant claims is that instant compounds of formula (I) are not found in Arnold et al. Suggestion for modification of above record to obtain the instant claimed compounds/compositions has not been found. Claims 1-5 and 18 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
